### Eight Murders and Numerous Other Crimes are Charged to Them.

#### Cornered After a Thrilling Chase by a Large Posse.

#### The Chicago Car Barn Robbers are Behind the Bars Through a Comrade's Confession--The Prisoners Confess--Story of the Running Fight and Capture.

##### LIST OF VICTIMS OF THE FOUR BOYS.

The list of the four boys' victims, killed and wounded in the last half year follows:

**Killed:**

Otto Bender, murdered during saloon holdup, on July 9.

Adolph Johnson, murdered in a saloon robbery on August 2.

James B. Johnson, motorman, killed in the robbery of the Chicago City Railway company's car barns on August 30. Johnson was asleep on a bench in the outer office, and was awakened by the shooting. He was shot and killed before he could arise to his feet.

Francis W. Stewart, shot down without warning during car barn robbery.

B. C. LaGross, murdered in his saloon on August 2.

Policeman John Quinn killed November 21, while trying to arrest Marx.

T. J. Soeva, brakeman, killed yesterday.

Joseph Driscoll, detective, now dying in a hospital.

**Wounded:**

T. W. Lathrop, agent Chicago and Northwestern railroad, shot during attack on Clayburn Junction station on July 3.

Peter Gorski, shot during an attack by the four men on his saloon on July 30.

Henry Biehl, clerk, injured in robbery of car barns on August 30.

William E. Edmund, clerk, shot and seriously injured during same robbery.

Matthew Zimmer, detective, wounded in fight yesterday.

Chicago, Nov. 28.—Henry Van Dine, Peter Neidermeir, Emil Rooski and Gustav Marx are being kept in cells under heavy guard today as a precaution against attempts at suicide or escape. Van Dine spoke for his fellow criminals this morning when he said: "Well, I guess we are about done. There's no chance to get out of here and we'll have to make the best of it."

He shouted cheering messages across the cell room to Neidermeir and asked the lock-up keeper if the city paid more than three cents a pound for the coffee served to prisoners. He suggested that bills of fare be offered prisoners for the selection of edibles and insisted on napkins and finger bowls for "bummers' row." His sallies kept the prisoners laughing and no

thought of capital punishment entered their minds.

Marx, in a cell at a separate station, said that he "didn't care how soon the courts croaked him." Marx's attitude is bravado, Van Dine's is indifference. The police will permit neither relatives nor lawyers to see the prisoners.

States Attorney Deneen is preparing indictments charging the men with many counts of murder and robbery. He believes it impossible for either of the desperadoes to escape hanging.

Marx is of Neidermeir's type and Rooski is the half witted tool and dupe of the others.

With all his characteristics of the elementary savage Van Dine exhibited the tenderness and affection of a mother when he gently stroked back the hair from Neidermeir's head at police headquarters to show a gunshot wound in his fellow criminal's head and procure for him surgical attention.

The big hairy hand itself had several shot in it and a wound in Van Dine's leg bled freely meanwhile, but he said nothing of his own pain. This self sacrifice accentuated the good in his perverted nature.

Chicago, Nov. 28.—Chained wrist to wrist, their hair matted with dried blood, their clothing covered with dirt, two headless boys, Neidermeir and Harvey Van Dine, sat last night in the presence of Mayor Harrison and Chief of Police O'Neill, calmly confessing to their share in a three month's career of crime which has included nine murders, the wounding of five other men, and a long series of robberies. The two young bandits, neither of whom is over 21 together with their companion, Emil Rooski, who is no older, were captured near Liverpool, Ind., after a fight in which they battled against policemen, railroad detectives, railroad laborers, and farmers. One man was killed, another fatally wounded and all three of the young bandits were wounded, but not seriously.

**The Dead.**

T. J. Soeva, brakeman on the Pennsylvania railroad.

**Wounded.**

Joseph Driscoll, detective on Chicago police force: shot through abdomen, and can live but a short time.

Matthew Zimmer, detective on Chicago police force shot in head and arm.

Neidermeir was wounded in the

## EX-PRESIDENT CLEVELAND WILL NOT BE CANDIDATE

#### In a Letter to Editor of the Brooklyn Eagle Grover Cleveland Says He Can Never Become Nominee of His Party Under Any Circumstances.

New York, Nov. 28.—Grover Cleveland has sent the following letter to the editor of the Brooklyn Daily Eagle:

"My Dear Mr. McKelway—I have wanted for a long time to say something which I think should be said to you before others.

"You can never know how grateful I am for the manifestation of kindly feeling toward me on the part of my countrymen, which your initiative has brought out. Your advocacy in the Eagle of my nomination for the Presidency came to me as a great surprise; and it has been seconded in such manner by Democratic sentiment that conflicting thoughts of gratitude and duty have caused me to hesitate as to the time and manner of declaration on my part concerning the subject—if such a declaration should seem necessary or proper.

"In the midst of it all and in full

view of every consideration presented, I have not for a moment been able, nor am I now able, to open my mind to the thought that in any circumstances or upon any consideration I should ever again become the nominee of my party for the Presidency.

"My determination not to do so is unalterable and conclusive.

"This you, at least, ought to know from me, and I should be glad if the Eagle were made the medium of its conveyance to the public. Very sincerely yours,

"GROVER CLEVELAND.

"St. Clair McKelway, LL. D., Brooklyn, New York."

The Brooklyn Eagle, to the editor of which Mr. Cleveland's letter was addressed, announced today that the support it had given Mr. Cleveland for the Democratic Presidential nomination would now be given to Alton B. Parker, at present Chief Judge of the Court of Appeals of this state.

## FROM HORSEMAN TO MILLIONAIRE

Philadelphia, Nov. 28.—From dealing in horses to managing a \$52,000,000 estate is the jump that J. C. Strickler will make.

He went to York, Pa., yesterday to begin his efforts toward establishing his claim to timber and mining lands now in possession of the state of Oregon and awaiting an owner.

These lands were the property of John Schelenberger, a former Pennsylvanian, who died in Portland in July last. Schelenberger and Strickler's father were first cousins. Twenty second cousins live in York.

Strickler's relationship has been established beyond a doubt, but legal action will be necessary to get possession of the fortune.

**PRICE OF GAS.**

Columbus, O., Nov. 28.—The Federal Natural Gas company of Columbus is about to increase the price of gas from 15 to 25 cents a thousand feet.

## REPLY

Of Gen. Wood to Charges of Rathbone. It Covers Sixty-Five Type Written Pages

Washington, Nov. 28.—Gen. Wood's reply to Major Rathbone's charges has been made public. It covers 65 type written pages. He denies any injustice to Rathbone during his trial. He admits the purchase of furniture and carriages but they were purely to support his official position in Cuba and were charged against the revenues of the island. When Wood left all this was turned over to the Cuban government. Of the disbursement for personal entertainment, Gen. Wood says: "A fund of \$5,000 was allowed on order of the secretary of war during the last winter of our occupation. This was done on request of Gen. Wood, whose expenses were exceedingly heavy, and who was unable to meet them, being the cost of the entertainment of distinguished foreigners, Cubans, etc."

General Wood says in conclusion: "It might not be inappropriate to invite attention to the fact that Mr. Rathbone's charge practically implies that the military governor, the inspector general on duty in Cuba, the fourth assistant postmaster general, a large number of postoffice inspectors of established reputation, the auditors of the island of Cuba and five judges of the audiencia of Havana (three of whom were appointed by Rathbone's attorney, was a secretary of justice under General Brooke), all conspired to convict him. The creation of such a position would have been impossible. The complaint would have had a tenuous ring had Mr. Rathbone declined to accept a pardon and take his case before the supreme court of Cuba."

## STRIKE IS OVER

New York, Nov. 28.—The cab strike is off and the 200 cab drivers who went out on a strike four days ago and the 1,200 who were locked out returned to work this morning. Both sides claim victory. A compromise was reached last night. Differences hereafter will be arbitrated.

## SHOT HIS PLAYMATE.

Indianapolis, Ind., Nov. 28.—"I'm going to shoot you; shut your eyes and it won't hurt so bad."

With these words Marshall Harrington, 15, shot and fatally injured his playmate, Albert Nicholas, 12, living in the same block on East Morris street, last evening. The weapon used was a .22-caliber rifle. The ball penetrated the abdomen. Harrington was arrested and does not deny the shooting.

## McClure is Guilty

Tipton, Ind., Nov. 28.—The jury in the case of Jesse McClure, on trial for murder of his two children, this morning returned a verdict of guilty and fixed his punishment at imprisonment for life.

There are now somewhat over one hundred thousand students in our colleges, universities and technical schools and somewhat over fifty thousand students in our professional schools of theology, law and medicine.

## EYE WITNESSES ALL GAVE DIFFERENT TESTIMONY.

New York, Nov. 28.—The World has an interesting dispatch from Berlin concerning an experiment conducted by Professor Von Giebt, the eminent criminologist, which was designed to show that absolute unanimity of evidence might be regarded with suspicion.

The professor got up a quarrel between two of his pupils. Only the two pupils and the professor knew that it was to take place. For twenty-three other persons in the room the quarrel came unexpectedly. The quarrel was to consist of two parts, the interchange of words and explosives and

#### Investigation Ordered by the Authorities

**MYSTERY OF WINAMAC, IND., POISONING ADDED TO**

**BY DISCOVERY OF TWO WILLS.**

Whitish Sediment Found in the Fish Sauce Leads to Theory that Poison Wasn't Potomaine.

Winamac, Ind., Nov. 28.—This community was startled on Wednesday at the news that Jacob and Frank Miller were dead. Mrs. Kate Miller and her father died from what the physicians called ptomaine poisoning yesterday. Developments surrounding the mysterious poisoning are being investigated, as reports are circulated that some one is responsible for their untimely death.

On Friday last the Miller family purchased canned sardines put up in mustard and vinegar and the two brothers ate freely of them, but Mrs. Miller and her father complained of their bitterness and only swallowed the small portion they held in their mouths. The Millers' two children could not be induced to eat any of the sardines, and told their mother that they tasted bitter; thus the two little ones, out of the family of six, were saved from death.

The effects of the poison at first were not particularly hurtful. On Tuesday the Miller brothers began to complain of feeling dizzy and blind, and occasionally they could see three persons where there was only one. Tuesday night a physician was called. When he discovered the true nature of the sickness the brothers were beyond relief. With swollen tongues and choking breath they gradually sank into unconsciousness, then death ended their sufferings by strangulation.

Tuesday night Mrs. Kate Miller and her father were taken down in like manner, and yesterday passed away.

In the home of the Millers are four caskets side by side, containing the remains of Frank and Kate Miller, husband and wife; Jacob Miller and John Johns.

The Miller brothers owned jointly a 200 acre farm on the banks of the Tippecanoe river. A short time ago Jacob Miller had a will drawn by which he bequeathed his one-half interest in the 200 acre farm to his brother Frank's children, \$1,000 in money to Mrs. Miller and the remainder of his estate to other relatives, reserving an amount to be used in saying mass for the repose of his soul.

Mrs. Kate Miller about the same date had a will drawn up giving her two children whatever possessions she might have at the time of her death. There is no mention of Frank Miller, her husband, in this will. This has caused public opinion to lead to an investigation as to whether there is a cause behind the drawing of the two wills.

The Miller brothers were prominent in social, official and religious circles, and it was known that they had no enemies. Examination of the canned sardines reveals a whitish pinpoint sediment mixed with the mustard and vinegar, and the fish themselves are of a very dark greenish color. Inside the box that held the sardines the tin coating is eaten away as if some strong acid had gotten into the box. Chemical examination is being made, as it is said the canned sardines were opened before reaching the Miller home. If this can be proved then some enemy of the Millers or someone not knowing the truth of the Jacob and Kate Miller wills have in some manner put poison into the sardines, and several parties are being watched until the chemist's investigation reveals the true contents and the cause of the deaths.

## New Flying Machine.

New York, Nov. 28.—A flying machine, invented and manufactured by Professor G. Doyle, of Parkville, L. I., when tested, is declared to have been a success.

Doyle's machine is a combination of airship and balloon. It is cigar-shaped and is equipped with wings. It is propelled by electricity supplied from storage batteries.

## CARRIES SECRET TO THE GRAVE

Zanesville, O., Nov. 28.—A man giving his name as George W. Williams, aged 26, died Friday at the Good Samaritan hospital.

Williams came here November 16 and registered at a hotel, giving his address as New York.

He was not well upon his arrival, and Monday was removed to the hospital for treatment for stomach trouble. He gradually grew worse until the end came.

Williams was a comedian and was forced to leave the stage on account of his poor health. Last Sunday members of "The Way Down East" company contributed to his support, but he refused to impart any information concerning himself.

Realizing that he was going to die, Williams repeatedly requested the hospital attendants to keep the news from his relatives. He is thought to have a mother in Wheeling and a sister in Cincinnati.

## GRANTED

Permission to Eat Dinner at Home the Convicted Slayer of the "Celery King" Disappears.

Findlay, O., Nov. 28.—Marsh Lindsay, one of the five men convicted and sentenced to stay in the penitentiary for life for the murder of Wm. C. Johnston, the Carey "celery king," is missing. The necessary papers for his arrest were placed in the hands of Sheriff Cliffe, of Wyandot county, last Wednesday, but that official, in compliance with a request made by relatives of Lindsay to eat Thanksgiving dinner with his sisters here, did not claim his prisoner until yesterday, and when he did a diligent search was unavailable. Lindsay was released under \$2000 bond last August, by Judge Burket, of the Supreme court, to await the court's action on a motion for a new trial. Lindsay's associates say he threatened to commit suicide after a new trial was denied, and some believe that the unknown man found near Sandusky several days ago, may have been his corpse.

## FITZ IS O. K.

San Francisco, Cal., Nov. 28.—The report sent East that Fitzsimmons was confined to his hotel with pneumonia was incorrect. Fitz had a good time after his fight with Gardner, and when the celebration was over he was in need of a good rest. Wishing to be undisturbed, the pneumonia report was circulated.

Fitz's share of the receipts amounted to \$7,500, and it is his intention to invest the best part of this in establishing a cafe in Chicago. Accompanied by his wife and youngest daughter, Fitzsimmons expects to leave for the lake city tonight.

## DEFENSE

Based on Fact They Were Corrupted by Reading Works of Certain French Authors.

Paris, Nov. 28.—The trial of Swedish Baron Dadelward and Belgian Count Dewaren, who are charged with propagating devil worship was begun today. The Baron, it is charged, arranged a sumptuous temple and dedicated it to the devil in his apartments in the fashionable Elysee quarter. There, aided by Dewaren he initiated the young in worship of his satanic majesty. This worship consists in carrying out of unprintable rites. The prisoners base their defense on the fact that they were corrupted by reading the works of French authors, who, they say, are the ones that should be held responsible.

## CAPT. CARTER SET FREE FROM PRISON TODAY

### Expects to Vindicate Himself in World's Eyes by Winning Suit.

#### Courtmartial That Convicted the Captain is Scored.

#### His Lawyer Says the Government Suit Now Pending in Chicago will Give the Once Condemned Officer His First Chance to Prove Innocence.

Leavenworth, Kan., Nov. 28.—Oberlin M. Carter, referred to by his loyal friends as the Dreyfus of the United States army, is a free man. His term as a convict expired at midnight. At 5 o'clock this morning he boarded a train for Chicago to battle in the United States court for the restoration of his honor and the retention of \$400,000 in railroad bonds now being sued for by the government.

"This morning is a bit chillier than mornings I have experienced lately," were Carter's first words on emerging from the prison gates. He discussed freely civil war heroes, politics, jurisprudence, chemistry, but earnestly requested that he be permitted not to discuss his own affairs.

"I am in the hands of my attorneys," he said. "Really, I have no plans except to vindicate myself in the eyes of the world. I expect to do this by winning in the federal court at Chicago, the suit by the government, which seeks to prove all my property, which now is in the hands of the court, is stolen. I am making no complaint of harbor no malice; experience is a great teacher, and I feel improved in many ways by my life in prison. I have gained self-control and much knowledge as a result of the course of reading I took. Five years absolutely lost out of an ambitious life is a thing not to be lightly regarded."

When wished success in his suit by a bystander, Carter betrayed some emotion, warmly grasped the hand of the well-wisher and shook it heartily.

Before leaving prison Carter wrote a letter to Warden McClaughrey, thanking him for having assigned him "the most soothing task of all in this place of despair—the culture of flowers," and for having made no distinction between Carter and other prisoners.

The former army officer was sentenced to prison for five years on a charge of conspiracy with Greene and Gaynor, contractors, to defraud the United States out of immense sums through the manipulation of bids for the Savannah harbor work. He served his full time, less time off for good behavior.

In a statement compiled by his attorney, the first ever given in detail, the court martial that sent Carter to prison is scored as a "prejudiced tribunal, the conviction is laid to jealousy among Carter's superiors in the engineer corps, stigma is placed on Robert F. Westcott, Carter's father-in-law, now deceased; denial is made of the allegation that Carter shared in harbor work frauds at Savannah, Ga., and it is declared that in the government suit pending in Chicago the once condemned army officer will have his first opportunity to prove his innocence.

## GEO. B. COX

Cincinnati Boss Will Go East to Confer With Hanna, Dick, Herrick, and Others.

Columbus, O., Nov. 28.—There is to be a big conference of the Ohio political leaders in Washington next week. George B. Cox will leave for Washington Monday or Tuesday for the big row-wow, and it is said that he and Hanna will agree upon their patronage and the policy of next year's fight without regard to Senator Foraker, but the latter will be given a chance to express his views if he desires to attend the conference. About the conference room will be Hanna, Cox, Herrick, Chairman Dick, Secretary Mallory, Senator S. M. Patterson, E. W. Doty and lesser lights.

## VENEZUELA

Will Make No Response to President Marroquin's Appeal for Colombia.

Washington, Nov. 28.—Semi-official information reaching Washington this morning from Caracas states that Venezuela will make no response to President Marroquin's appeal on behalf of Colombia to the Central and South American republics except in way of formal acknowledgment. The Venezuelan government is inclined to regard the Panama affair as simply an issue between Colombia and the United States.

Trout are believed to be exclusively freshwater fish; it happens, however, occasionally that some are caught with the herring in the German Ocean.

## SHOT HIMSELF RATHER THAN GO TO PRISON

#### Defaulting Cashier Preferred Death to Penitentiary--John K. Duke Found Guilty of Embezzlement Killed Himself at Portsmouth, O.

Portsmouth, O., Nov. 28.—John K. Duke, defaulting secretary of the Royal Building and Loan association, who a week ago was found guilty of embezzling, committed suicide at his luxurious home rather than face the court and receive the sentence of Judge Wright, of Logan, who was sitting in the case.

Duke, who, since the exposure of his shortage, has been in feeble health, once before attempted to end his life by taking poison.

Yesterday he was led from the place of the ordeal and his attorney sought to have sentence passed without his presence in court. Judge Wright, however, insisted that Duke be brought into court, and a cab was dispatched for him.

At the Duke home the son, Klone Duke, sought to pacify his frantic

mother and prevent the father from being taken into court.

When he received word that his father must appear, he left his mother and ran upstairs and told his father "he cab would call for him. He then ran downstairs to answer the telephone. No sooner had he reached the instrument than he heard the shot.

The defaulting cashier had shot himself behind the ear. He died in 40 minutes.

Mrs. Duke is in a very serious condition.

Some weeks ago Duke ordered graves dug for himself and wife at Green Lawn cemetery, and told friends that he would be in Green Lawn before he would go to the penitentiary. The graves were dug as ordered.

While awaiting Duke's coming the court sentenced Edward Coriell, the defaulting secretary of the Second State association, who was also convicted of the latter part of last week, to two years in the penitentiary.

**Life Insurance For Cured Consumptives.**  
Crucial Test of the Famous Hammann Case—New York Life Insurance Company Practically Endorses the Hoff Cure.

Frederick Hammann's life has been insured. One of the most careful and conservative Insurance Companies in the world has just issued the policy. Less than three years ago condemned to die with consumption and sent to Vienna as a test case to be treated by Professor Hoff, at the expense of the New York Journal, this young man is now declared to be a first class insurance "risk."

The New York Life Insurance Company, an organization of the greatest magnitude, which makes a business to examine men with reference to their prospects of long life, has made a thorough and searching examination of Frederick Hammann and declares that he is physically sound.

This is a crucial test. Persons with lungs which are even weak are refused day after day by the New York Life Insurance Company and the other great life insurance organizations.

Hundreds of men who have never had consumption are to-day unable to secure such policies as the one issued to Hammann, because of their predisposition to consumption.

No sort of examination from a scientific standpoint, no statement from physicians and analytical chemists, could have the weight with the lay mind that this simple insurance policy has in emphasizing the fact that consumption is curable and that the Professor Hoff treatment is curing it.

It must not be inferred that Hammann's case is the only one of the kind. There have been hundreds of patients in America cured at their homes by the Professor Hoff Cure for Consumption, through the agency of the American Bureau established for the dissemination of the medicine upon Hammann's return to this country.

Thousands are at the present time taking the same medicine at their homes that has restored Hammann to the full estate of a vigorous, healthy man. They will welcome the announcement that the New York Life Company has issued the Hammann policy.

In reality it is but a step further in the widespread co-operation which is gradually and surely lessening the deaths from consumption in this country. It is an encouragement to those who are just now in the incipient stage of consumption. It is an encouragement to the relatives and friends of sufferers from the disease on all sides.

Above all, it will encourage thousands who are well themselves to bring the attention of acquaintances who have the disease to this positive proof that they may be cured.

Physicians will be impressed by the news and the hearty co-operation which they are already giving the American Bureau of the Professor Hoff Cure for Consumption will be increased. They, above all others, appreciate the painstaking care exercised by the able corps of examining physicians in the employ of the New York Life Insurance Company.

I have recommended this medicine to more than twenty people here in California, and in every instance there is a marked improvement immediately. **A LIFE'S MISTAKE.**  
Next Monday night we are to have at the Auditorium one of the new plays of the year, and judging of the source from which it came, it ought, at least to be a good story, for it was written by that very clever novelist Charles Garvice, whose books are found on every sales counter, and in the hands of every devotee of fiction. Mr. Garvice is one of the most prolific of writers of that class of novels that are published in popular form and sold at popular prices, hence he is read by the masses, the price of the books being within their reach. "A Life's Mistake" is pronounced by most competent critics as the best work of this talented writer, and it was made a play of the most intense and interesting kind, that never will have an interpretation here at the hands of a company of players that is said to be in every respect most capable. Auditorium Monday night.

is so strong that a certain call is almost invariably demanded by the audience Auditorium Friday, December 4.

The new car barn that are to be used by both city and interurban cars, as a repository, are not yet completed so as to be used by the Buckeye Lake road for its equipment. FROM TRINITY CHURCH TO THE HOSPITAL.  
Partial List of Contributors Appended. Those in Charge Express Appreciation of the Gifts.

The Sunday school and choir of Trinity church met in the Parish house on Thursday morning at 9 o'clock to convey their Thanksgiving offerings and those of others to the City hospital.

The procession of teachers, scholars and choristers, with the rector—many carrying their gifts in their hands and some little ones trailing theirs on sleds—wended its happy way up Main, across the Public Square to Third street and up Third to the hospital.

There, after the wagonload of things which had preceded them had been taken in and piled in the dining room, they entered the house and added their burdens to the pile.

Then the choir, standing on the stairs, others on the lower hall and other rooms, with the rector in the upper hall, prayers were said for the sick and suffering inmates, for the workers in this beautiful charity, doctors and nurses, for sinners, for the faithful, for the departed and for all benefactors and contributors to the hospital. Two hymns, "How Sweet the Name of Jesus Sounds" and "Nearer, My God, to Thee," were sung with most touching effect.

All concerned in this day's work and all who witnessed it were helped and blessed by the evidences of the spirit of sweet charity, and felt that they were participating in a real Thanksgiving.

Boxes for money contributions had been placed in the following public places with the results noted: Hotel Warden, 76 cents; Doty House, 67 cents; Kuster's, \$1.40; Hotel Ludlow, \$1.13; Hotel Seiler, 52 cents.

A partial list of contributors is appended. Many whose names were not securely attached to their gifts, or for some other reason, have been forgotten. But to one and all, whether mentioned by name or not, those having this matter in charge desire to express a hearty appreciation of the uniform courtesy and liberality met with in this solicitation.

# When Your Cold Catches You Just There

There is No Time to Wait.

It is not a "little thing." It's a deadly thing. It will not "get well by itself" if you let it alone. Whiskey and quinine and such things brace you up for the time, but they don't cure you.

Ask any intelligent doctor why you catch cold so easily. He will say, "Because you are a bit run down." He means that the force which nature placed in your body to keep out disease germs—the resistive force—is weakened. The door is open a little way toward disease.

There is not a graveyard in any cemetery in the world caused by consumption or pneumonia or any lung trouble whatever, which did not start with what you call "Nothing but a cold."

A cold should not be beaten back or drugged over—it should be cured, and the general health should be built up.

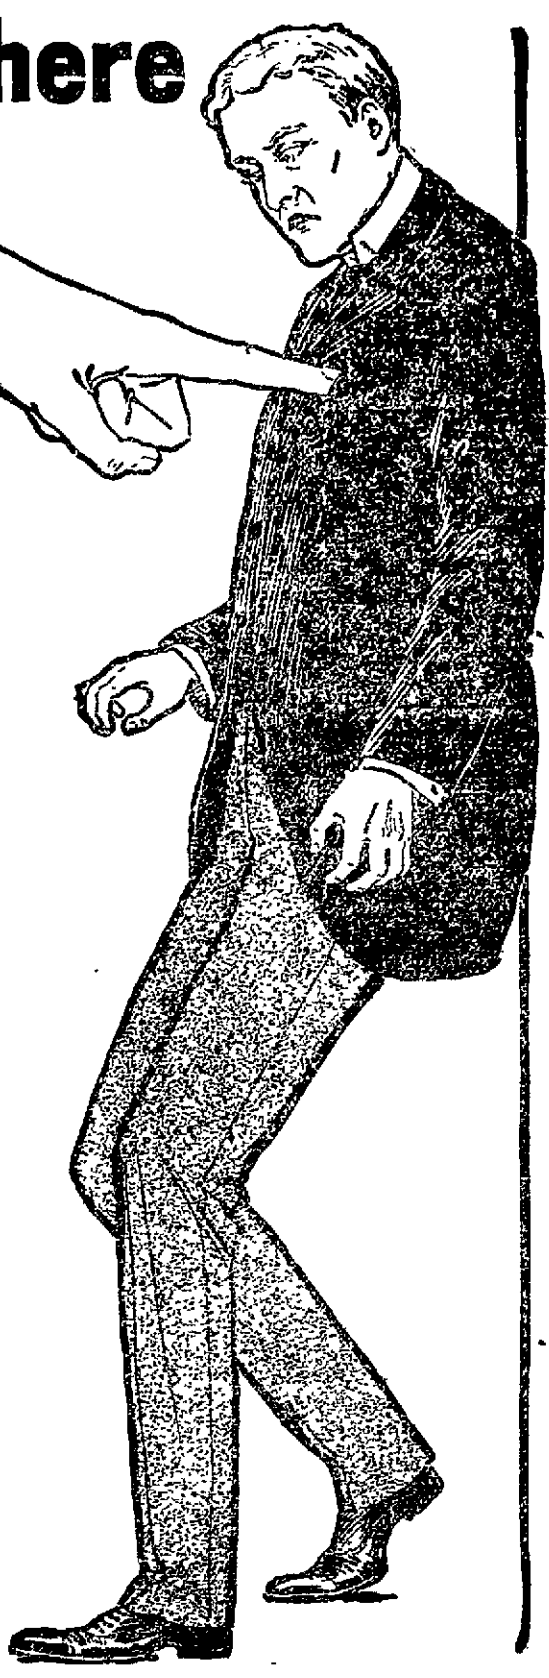

## ACKER'S ENGLISH REMEDY

should be taken at the first symptoms of cold. It is a tonic for the whole body, a specific for sudden colds, coughs or sore throats. It doesn't matter where the cold is or how it got there, we know that **Acker's English Remedy** will reach it and cure it. It is sold on a positive guarantee.

**NO CURE NO PAY.** If you have a cold—no matter how slight—it means something. Take **Acker's English Remedy** at once. Keep it in the house. If it does not relieve you almost instantly, we will refund you the price paid.

"ACKER'S ENGLISH REMEDY saved my life. A cough, slight at first, grew constantly worse and I finally had to give up my work in the Knife Factory at Walden. I had frequent bleeding spells. Was examined by local doctors, prominent physicians in New York and at a Medical College. They all pronounced my case hopeless. I began using Acker's ENGLISH REMEDY and a few bottles cured me. I am today a perfectly well man." (Signed) A. H. SIMPSON, Walden, N. Y.

**Acker's English Remedy** is sold on a positive guarantee that the purchase money will be refunded in case of failure. 25c., 50c., and \$1.00 per bottle.

### LODGE NEWS

Masonic.

A stated convocation of St. Luke's Commandery, No. 34, Knights Templar, was held on Tuesday night, and considerable business was transacted at the close of which light refreshments were served. A special meeting was appointed for one week from next Tuesday night to confer the order of the Red Cross.

**American Protective Union.**  
Newark Council No. 1 held a special meeting last Monday evening with a full attendance of the members. The committees on the banquet and call to be given on December 3, have completed all arrangements. Now each member is expected to do his or her part to make this one grand social affair. Tickets for same can be secured at the office.

The Supreme officers have given a special dispensation to admit new members without any admission fee from this date until January 1, 1904. Any one desiring to become a member will please call on A. L. Simons, Supreme Organizer.

**Modern Woodmen of America.**  
The 264 members present at the meeting of Cedar Camp, Modern Woodmen of America at their regular meeting on Wednesday evening were very enjoyably entertained by the able manner in which the work was executed. Seven applications were received and accepted. G. T. McPherson, Lou Harrington, B. F. Kuhl, Ray Mason, McDonald Keethler, Oscar Shimp and F. A. Place were adopted as members of Cedar Camp. After the regular session of the camp all were served with oyster sandwiches and coffee prepared by Samuel Henry, who is certainly an expert in the preparation of the beverage.

Cedar Camp is enjoying one of the most prosperous periods in its existence. Organized in 1897 it now has

nearly 900 members and indications are that it will soon reach 1,000. The many members present were shocked to hear of the death of our esteemed neighbor, G. C. Andrews, and a committee was appointed to draft resolutions.

Cedar Camp will hold its annual election of officers on next Wednesday evening and it is hoped that all interested in the welfare of the camp will be present and record a vote for their choice.

**Royal Arcanum.**  
The regular meeting of Bayard Taylor council, Co. 221 Royal Arcanum, was held on Monday evening. There was an unusually large attendance of the members and considerable business of importance was transacted. A special meeting of the council will be held on Monday evening to arrange for a big meeting to be held on the evening of the second Monday in December at which time a large class of candidates will be taken in to the council, new officers elected and a fine banquet served. It is urged that as many of the members as can possibly do so attend this meeting.

**D. O. K. K.**  
The members of Kioth Temple, No. 101, D. O. K. K., are counting the days until December 1, when their next ceremonial session occurs. A class of candidates from Shawnee Newark and elsewhere will tread the burning sands. The usual street parade will take place at 7:30, in which will be the trained animals, the works and music galore. The members are urged to be at the lodge room by 7 o'clock sharp to begin the work promptly so that we will get through early. The refreshment committee members are outdoing themselves in the line of preparation for the feast which will take place after the initiation. There will be a rehearsal of the team on Monday evening at 7:30 at Newark lodge room. All members who take part in the work in any capacity are expected to be there.

**Odd Fellows.**  
At the regular meeting of Olive Branch lodge of Odd Fellows held on Thursday night the first degree was conferred on one candidate and two applications for membership were received.

At the meeting of Olive Branch lodge of Odd Fellows to be held on Tuesday evening there will be considerable business of importance to be transacted. This is the night on which the new officers are to be elected and a representative from this district is also to be elected. But what is of more importance than anything else is the matter of voting for Grand Lodge officers. Newark has a candidate and it is important that every Odd Fellow in the city cast his vote for him. Arrange to attend the meeting.

Wednesday night was a red letter occasion in the history of Licking lodge, daughters of Rebekah of this

city. Word had been sent out to a number of the neighboring lodges that the degree would be conferred on ten candidates on this evening, and the result was that the Odd Fellows' Temple was crowded to its utmost capacity with the members of the lodge and visitors. The work of conferring the degree on the candidates was exemplified by the crack team of Licking lodge in a most praiseworthy manner. After the conclusion of the work a banquet was partaken of.

At the meeting of Newark lodge, No. 623, I. O. O. F., to be held on Monday night there will be work, and it is hoped that as many of the members as can possibly do so will attend.

**Lady Maccabees.**  
Quite a number of the members of the Lady Maccabees of this district, which is comprised of the lodges in Newark, Zanesville, New Salem, Otsego, Adamsville, Purity and New Lexington, met in Newark on Friday. The meeting was called for the purpose of holding a school of instruction, and sessions were held both afternoon and evening, being presided over by Mrs. Emma S. Olds of Elvria, O. Aside from the members of the district who were in attendance at the meeting quite a number of visiting Maccabees from Sandusky, Mansfield, Mt. Vernon and other places were present. At the conclusion of the exercises on Friday night a banquet was served the members and guests.

## GRIM REAPER

WALTER BAUSCH PASSED AWAY  
SATURDAY MORNING.

Mrs. Elizabeth Cherry Former Newark Woman, Dies in Columbus—Other Deaths of a Day.

Walter Bausch, son of Chief Louis Bausch, of the city fire department, died at his home, 20 South Fourth street, Saturday morning at 5 o'clock, after an illness of several months with dropsy. The deceased was aged 18 years and was a young man of excellent character, highly esteemed by all who knew him. Previous to his illness he had spent two years at a business college, and his death just at this time when he was entering young manhood is to be deeply deplored. He was the only son of Mr. Bausch who is deeply grieved over his death, and the utmost sympathy of the community will go out to him in his bereavement. The funeral will probably take place Monday morning from the St. Francis de Sales church, and the services will be conducted by the Rev. Father B. M. O'Boylan.

## MRS. ELIZABETH CHERRY.

Mrs. Mary Elizabeth Cherry, widow of the late Wallace Cherry, who about 20 years ago lived in Newark, died on Friday morning at her residence, No. 115 Warren street, Columbus. Mr. and Mrs. Cherry while in Newark, lived at the corner of Fifth and Locust streets, and also on North Sixth street. Later Mr. Cherry conducted the railway restaurants at Chicago Junction and Garrett, Ind. Services over the remains of Mrs. Cherry will be held at her late residence in Columbus Sunday afternoon at 3 o'clock and burial will take place at Marysville, O., Monday, November 30, at 10:30 a. m.

In announcing the death of Mrs. Cherry formerly of Newark, the Columbus Dispatch says: Mrs. Mary Elizabeth Cherry died Friday morning at her residence, 115 Warren street. Her husband the late John Wallace Cherry, died November 28, 1887. Mr. Cherry was formerly the senior member of the Cherry-Good company, which had a store on East Spring street, and was afterwards merged into the Tracy-Wells company. Mrs. Cherry was especially active in church affairs, and was affiliated with the Plymouth Congregational church. Two nieces, Mrs. W. D. Park and Mrs. G. A. Welling, both residents of Columbus, survive.

## CHARLES BARCUS.

Charles Barcus, age 32, a son of Mr. and Mrs. John Barcus, of 17 Conley alley, died at the city prison, at 3:15 o'clock Saturday morning of alcoholism. Barcus was arrested on Tuesday night in a helpless condition, and was taken in soon after. The man's condition became more alarming and Thursday and Friday his condition was such as to preclude the probability of recovery. He became weaker until the vitality was entirely consumed. Barcus leaves three brothers, Sherman, Ollie, a marble cutter, and Homer, a laborer. He also leaves one son. The body was removed to Bowers & Bradley's undertaking establishment and prepared for burial.

The funeral will be held from the home Sunday afternoon at 1:30 o'clock.

## THE LINDSAY CASE.

Columbus, O., Nov. 28.—The penitentiary officials are not more concerned over the disappearance of Lindsay, under a life sentence, than over a law-abiding citizen. In the absence of Warden Hershby, Clerk Shork said today: "Marsh Lindsay was in no sense in the custody of the penitentiary authorities. He was out on bond fixed and controlled by the Wyandot county courts. It is the business of the sheriff of that county to find him and deliver him to us."

Lindsay was given a life sentence for killing "Clery King" Johnson. He was out on bond pending the action of the supreme court, to which he appealed. The supreme court sustained the decision of the Wyandot court, and then Lindsay disappeared.

LATEST TROUSERS, SHOES  
AND PAJAMAS FOR THE MEN

New York, Nov. 28.—Decidedly swaggers is the medium-full leg in trousers. The idea is to have them fit freely, gradually growing narrower toward the foot, with a slight fall over the instep.

Suits are worn by some with the new shoes, which are rather pointed. The effect of trousers in gray mixed worsted or Scotch suitings with tan, gray or buff spats and trim-looking shoes is not bad when the other parts of one's outfit are properly selected and well carried.

We are getting to be decidedly luxurious in our negligee clothes. Nothing seems to be too fine in house jackets, billiard coats, lounging robes and pajamas.

The latter garments are shown by the fashionable shopkeepers in an abundance of beautiful fabrics.

The latest patterns are expressed in deep, rich colors and fancy effects, but in all the styles there is evidenced a disposition to keep as far away as possible from the sort of thing that women wear. That is to say, the goods are especially woven for men's trade.

## COURT HOUSE

QUESTIONS ONE APPLYING FOR A LICENSE MUST ANSWER.

An Interesting Law Suit in 'Squire King's Court—Realty Transfers. Court House Notes.

Under the recent law governing the issuing of marriage licenses by the Probate court, applicants for wedded bliss have to pass a sort of civil service examination before they can obtain a marriage license. For the information of the public the questions are here printed in full that the applicant for a marriage license has to answer in the Probate court in order to procure a marriage license. The asking of the questions is mandatory upon the court and every applicant for a license should see that he can answer them fully before he goes after the coveted document. Following are the questions the applicant will be asked:

His age.  
His residence.  
His place of birth.  
His occupation.  
His father's name.  
His mother's maiden name.  
Whether he was previously married.  
Whether he has a wife living.  
Age of the woman he desires to marry.  
Her place of residence.  
Her place of birth.  
Her occupation.  
Her father's name.  
Her mother's maiden name.  
Whether she was previously married.  
Whether she is a widow or divorced woman.  
Her married name.  
Whether she has a husband living.  
Whether the parties are nearer kin than second cousins.

## In 'Squire King's Court.

'Squire Thomas L. King decided an interesting and important point raised in a case in his court Saturday morning. The case was one in which E. F. Collins & Co., jewelers of this city, sued George Montgomery, a B. & O. fireman, on back payments due on a watch sold him, amounting to \$24.00. The plaintiff also attacked the wages of the defendant in the hands of the B. & O. company under the 10 per cent law, as it is usually called, on the ground that the claim was for necessities furnished the defendant. The defendant filed a motion to discharge the attachment on the ground that the watch was not a necessity in general, unless so by the nature of a man's calling, and that it was a necessity to a B. & O. fireman. Evidence was offered on behalf of the defendant, and the question was argued by both sides. After a full hearing of the case the court decided that a watch was not a necessity for the defendant and ordered the attachment discharged at the plaintiff's costs. Attorney G. W. Patrick appeared for the plaintiff, and Judge E. M. P. Price for the defendant.

## Court Notes.

An order to leave the hands of his ward for eas purposes was issued to Dennis Hetch, of Huntington township, in the case of Dennis Hetch, guardian of Allen and Esther Hetch, against his wards.

## JUDGE PARKER

New Yorker's Chances for Democratic Nomination Are Enhanced by Cleveland's Letter.

New York, Nov. 28.—Grover Cleveland's decision that he would not permit himself to be considered a candidate for the presidential nomination has aroused great interest among the New York political leaders of both parties. The opinion is freely expressed that its effect would be to increase the chances of Alton B. Parker, judge of the court of appeals, for whom it is known Tammany Hall leaders have great admiration.

Mr. Cleveland has carefully abstained from saying definitely heretofore whether he would allow his name to be presented to the convention. When the question has been put to him he has avoided a direct answer, and on this account the impression has grown that he might become the Democratic standard bearer. The chief opposition to him, it is claimed, has come from the Bryan wing of the party. Little enthusiasm has been manifested in the South, which furnishes the greater part of the Democratic votes in the Electoral college, and this fact is believed to have been the determining factor in Mr. Cleveland's mind.

Simultaneously with Mr. Cleveland's withdrawal of his name from further consideration it became known through William J. Bryan's friends in this city that whatever Mr. Bryan might say he would if such a thing is possible, be made a candidate for the nomination for the third term. The managers who are now in control of the party machinery have ceased to regard Mr. Bryan as a serious factor in the situation, and the announcement that he might be an aspirant for the nomination surprised them. They declined to treat it seriously. The most that they fear from Mr. Bryan is that he will lead a bolt from the party if the candidate named does not meet with his approval.

## GORMAN AND PARKER

New York, Nov. 28.—Now that Cleveland is out of the presidential running the politicians are discussing Senator Gorman of Maryland and Judge Alton B. Parker of New York as Democratic candidates. Both men represent the same Democratic principles and no decided movement for either will be made by their friends at this time.

At one end leave ends for the scissors and at the other end fasten the strawberry emery ball, needle book and chamis thimble bag. It makes a pretty Christmas gift.

The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house she thought she would try it. In less than half an hour after applying it the child was quiet and asleep and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. ### SOME NEW FANCIES FROM FASHION'S CENTER

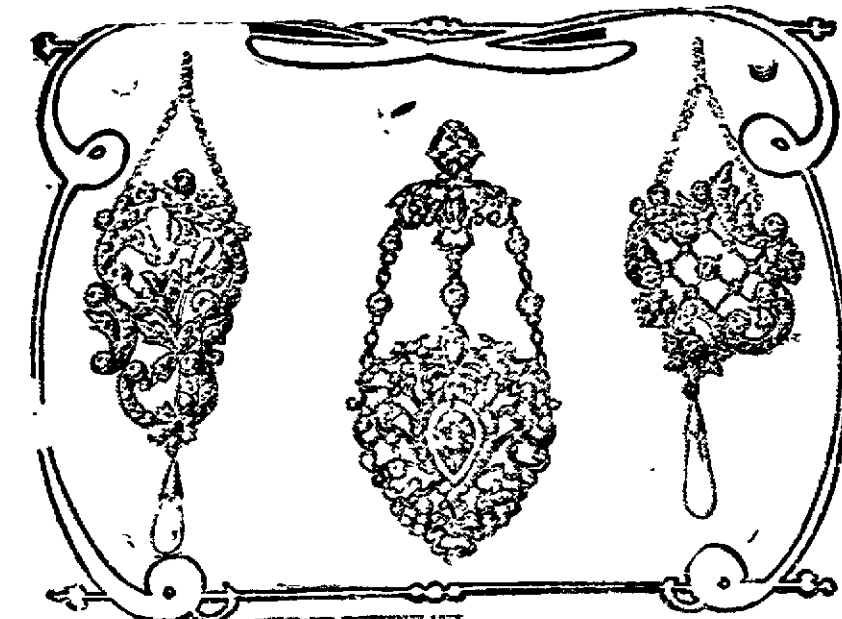

An idea in bags that has at least the quality of novelty to commend it, is the split handle which locks the bag the instant the parts are brought together.

It will be some time before we shall care to wear the knit gloves—we never do unless the weather is stinging cold—yet the dealers about town are ready with Scotch and English imitations.

Among the novelties are fancy black and white mixtures in silk and wool, and the granite combinations in wool.

These gloves are quite inexpensive, and as "warmers" there is nothing better. If you would go to the limit in the monogram craze you must have it embroidered on the flap of the upper left-side pocket of your waistcoat in contrasting colors.

### DIAMOND PENDANTS.

These beautiful pearl and diamond pendants show three of the latest French designs.

# High Class Druggists AND - OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purvey medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or official names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company—California Fig Syrup Co.—printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as Syrup of Figs, and they are glad to sell it because it gives universal satisfaction.

Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name—"Syrup of Figs"—or "Fig Syrup"—and of some piratical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company—California Fig Syrup Co.—printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.

When Well Known Newark People Tell It So Plainly.

When public endorsement is made by a representative citizen of Newark the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kidney trouble will find profit in the reading:

Mrs. B. Donahue, 216 North Fifth street, says:—"For quite a long time my kidneys were affected and I had a heavy feeling cross the lower part of my abdomen which made me miserable.

"Pain across the small of my back was so acute that I was hardly able to move around and, a distressing and annoying kidney weakness accompanied it. A friend of mine, whom by using Doan's Kidney Pills had been cured of backache, advised me to try them. I took the advice and obtained a box at Grayton's drug store. First the kidney secretions were stimulated to a healthy and natural action, then the backache and general feeling of depression left me."

**Diagram is Needed.**

It does not look like considerable journalism on the part of newspapers that have accurate and frank information on the subject to refer seriously to a New York Sun's joke about "Jack Connolly" as "proprietor" of the Columbus Dispatch. A wolf sometimes appears in sheep's clothing, according to the fable, but there is no secret or mystery about the Dispatch ownership. By the way who is this "Jack Connolly" and what is the joke about his alleged newspaper connection? I need a diagram.
